## CamBoss with satellite extension

Satellite extension of the crawler Boss 150 (6 x 6) for pipe inspection in DN 150 – 1000. View camera is component of the satellite extension, inspection of pipe connections is enabled by rotary camera head Kz60.

### Camera head KZ60:

- Resolution 307.200 pix
- Swing 2 x 125°, rotation 360° (infinity)
- 8x extra luminous LED
- Waterproof up to 1 bar

### Controlling:

- Two 3-axes joysticks
- Software DigiCan

### Satellite cable drum:

- Flexible cable reinforced with kevlar + push-rod cable

### Option:

JetCam – combination of satellite camera and high-pressure cleaning machine for pipe cleaning (built-in into for example MB Sprinter 5t). This system is designed only for the built-into the vans.
